Jesse,

I seem to have misplaced the email you sent me containing the OneDrive login. I am sure I have it along with hundreds of other emails regarding VB/I70. Can I trouble you to send me a link/login reset to the site and also to make access available to each of the individuals you've included on your email?

Thank you.

Kim

Subject: Review of environmental reports by the site assessment group

Dear CAG:

You may remember that over a year ago you mentioned the 39th Avenue and the Brighton Avenue environmental reports. I asked the site assessment team to evaluate those reports. The site assessment team completed their review. I placed the two reports in the OneDrive folder, inside the OU2 folder. In summary, the site assessment team recommended additional sampling for the Brighton Avenue report. The site assessment will be leading the sampling efforts.

I do not have additional information to share.

Cordially,
